## Medical Brigade in Corquín

Corquín was blessed by the medical brigade mostly made up by students from Lipscomb University that came to us through Mission UpReach's brigade program. The twenty-plus people who came to help this town came with humble hearts and servant attitudes. We understand the time, energy and cost that went into making this brigade happen, and we are extremely grateful for all of their hard work and love.

In addition to general medical exams, the brigade team provided reading glasses and free medicines and vitamins to all who attended.

### Happy Father's Day

Honduras celebrates Father's Day in March. The women of the congregation decided to surprise the men with a dinner and a game. They were all so surprised and we had a wonderful time. I love the servant hearts of the Corquín women.

### Hospital Visit

We made another trip to the hospital in Santa Rosa this month to visit the mother of one of our members. Public food service is not available in the hospital, so the ladies brought bread and coffee (*a Honduran necessity*) to serve those we met at the hospital.

### Weekly Bible Studies

Some of our most cherished times during the week are our recurring Bible studies. Some of these are maturing studies with a few of our Christians, while others are studies with non-Christians searching for God. There is a hunger here for the truth of God's word and every week we are meeting new people who want to hear the good news of Jesus Christ.

We love it when Bible study ends with pizza!
